London Borough  
of Tower Hamlets

### CONTRACT GO LIVE

April 2021

### TESTIMONIAL

“ Working with Stuart at Juniper, utilising their experience of School Health & Safety provides our school with the assurance that we are managing our school building and health and safety management systems appropriately.

Juniper always provide full support and guidance within the terms of our contract with them. ”

Jacqueline Mulock  
School Business Manager

### BACKGROUND

Marner Primary School is based in the London Borough of Tower Hamlets and is a large community school providing education to circa 672 pupils ranging in age from 3 to 11. The school have been utilising Juniper’s Health & Safety Consultancy Service since it went live in April 2021.

The school buy into Juniper’s **Core Health and Safety Service** which includes:

- ✔ Provision of the school’s Competent Health & Safety Advisor
- ✔ Professional health and safety advice
- ✔ Legislative Guidance
- ✔ Support in development of the school’s Health & Safety Management Systems
- ✔ 48 hour response time to all non-urgent Health & Safety related queries
- ✔ Immediate access to support in the event of an emergency
- ✔ Annual compliance audit completed with report and action plan provided

In addition, the school have also purchased our **Fire Risk Assessment Service** which includes:

- ✔ Completion of an Annual Fire Risk Assessment
- ✔ Advice on compliance with the Fire Safety order (Regulatory Reform)
- ✔ Preparation of an executive summary in relation to Risk Management
- ✔ Ongoing fire safety advice

### CHALLENGES

During the annual fire risk assessment it was identified that improvements were required in relation to compartmentation and a further survey of the boiler room was recommended.

### OUTCOMES AND RESULTS

Juniper identified key areas of action following the Fire Risk Assessment and followed up with the school to provide a recommended cycle of improvements.

This included the completion of a specific compartmentation survey and follow up recommendations for fire prevention works.
